# New Jersey Division of Fire Safety Fire Service Certification Program

Candidate Handbook

Fire Instructor I

New Jersey Division of Fire Safety Office of Training and Certification P.O. Box 809 Trenton NJ 08625-0809

January 31, 2014

Dear Certification Candidate,

Welcome to the New Jersey Fire Training Certification Program. The purpose of this manual is to provide you with information to successfully participate in New Jersey Division of Fire Safety Training and Certification testing.

This manual outlines pre-requisites, testing and application process, and provides you with a study guide reference list for the certification level you wish to pursue.

Tests are conducted under the sanction and approval of the New Jersey Division of Fire Safety, Office of Training and Certification with accreditation granted by the National Board on Fire Service Professional Qualifications (ProBoard) and the International Fire Service Accreditation Congress (IFSAC).

If you are just entering the system, you must first obtain a Division of Fire Safety Identification Number (DFSID) by filling out the *Personal Information Form* found at Attachment 1 of this document or online at <u>http://www.nj.gov/dca/divisions/dfs/forms/</u>. This will be your personal ID number throughout your time in the New Jersey Fire Service

Good luck and thank you for participating in the New Jersey Fire Service Certification Program.

# <u>New Jersey Organizations and Agencies</u> <u>Involved in the Certification Process</u>

# New Jersey State Fire Commission

The State of New Jersey established the Division of Fire Safety (originally a Bureau) thru statute law N.J.S.A 52:27D-25a et seq. As part of that law, the New Jersey Fire Safety Commission with mandated representation from various fire agencies and interest groups was created, as well as advisory councils for the major areas of jurisdiction of the Division of Fire Safety. Members of the Fire Commission and their organizations/interest groups are listed below:

#### Members of the Senate

The HONORABLE DONALD NORCROSS State Senator, 5th District The HONORABLE ANTHONY R. BUCCO State Senator, 25th District

#### Members of the General Assembly

The HONORABLE JOHN WISNIEWSKI Assemblyman, 19th District The HONORABLE SCOTT T. RUMANA Assemblyman, 40th District

Volunteer Fire Organization KEVIN KRUSHINSKI

Construction Labor Industry FREDERICK COLLENDER

**Fire Insurance Industry** GERARD J. NAYLIS

#### **Municipal Construction Official**

PASQUALE J. INTINDOLA Construction Official, Township of Nutley

**New Jersey Fire Prevention & Protection Association** ARTHUR LONDENSKY

#### **Construction Industry** DANIEL DeTROLIO Assistant Vice President, Hartz Mountain Industries, Inc.

New Jersey League of Municipalities Vacant

Volunteer Fire Service KATHLEEN O'LEARY

New Jersey State Volunteer Firemen's Association Vacant

New Jersey Career Fire Chief's Association CHARLES W. SCHILLING **Professional Firefighters Association of New Jersey** RICHARD C. BLOHM

New Jersey State Fire Chief's Association LAWRENCE D. WOOD

**New Jersey Firemen's Mutual Benevolent Association** STEVE O'GORMAN

**New Jersey Association of Fire Districts** ROGER S. POTTS

**International Association of Fire Chiefs** STANLEY SICKELS

**Chief Fire Administrator of a Major City** ARMANDO ROMAN

**Fire Suppression Industry** KEVIN P. BELLEW Sprinkler Fitters Local # 696

**New Jersey Apartment Association** KENNETH SWIDER

# Training and Education Advisory Council

The Training and Education Advisory Council, is an advisory body to the NJ State Fire Commission and recommends training initiatives and standards to the Commission. The resultant recommendations, if approved by the Commission and the Commissioner of the Department of Community Affairs are formalized into administrative regulations and published in the New Jersey Register. Members and their affiliation (volunteer or career) are listed below:

# New Jersey Division of Fire Safety P.O. Box 809, Trenton NJ 08625-0809

William Kramer, Acting Director, State Fire Marshal

### **Office of Training and Certification**

P.O. Box 809, Trenton NJ 08625-0809 Phone: (609) 777-3552 Fax: (609) 341-3469

The responsibility of the Office of Training & Certification (OTC) is to provide statewide educational and training programs relating to fire protection, fire prevention, fire safety inspection, and to certify fire officials/fire inspectors who enforce the uniform fire code. The OTC is responsible for the administration of the NJ fire training program and is the certifying agency for ProBoard and IFSAC certifications

Kent Neiswender, Supervisor Greg Kirkham - Training & Education Chris Michallis - Contractor Certification Unit

#### Kean University, Fire Safety Training Program

1000 Morris Ave, Building T-106 Union, NJ 07083 Phone: (908) 737-0230 Fax: (908) 737-0235

The Kean University Fire Safety Training Program is the NJ Division of Fire Safety's contracted agent for the administration of the fire certification and testing program. In addition, the office conducts recertification and other training programs for the New Jersey Fire Service.

## DFS/Kean University Subject Matter Expert (SME) Groups

A subject matter expert group of 6-7 qualified fire service instructors is assembled by the State of New Jersey, Division of Fire Safety and the Kean University Fire Safety Training Program to review and validate each question contained in the State test banks. A second similar group has been assembled and tasked with reviewing and approving the manipulative skill testing sheets. The groups meet to review the quality of each question and skill sheet to ensure technical accuracy to the appropriate adopted NFPA Standard and associated Job Performance requirement (JPR).

In the case of the test questions, each question is reviewed to verify that a quality question has been created, establishes relevance to the training program and skill competencies, establishes quality distracters, validate that the correct answer is presented in the choices created, and the citation is linked to the adopted Standard/JPR and page number of the textbook. This leads to a completed Assessment Methodology Matrix for each certification level.

Skill sheets are reviewed to ensure that for each JPR within the adopted standard a relevant skill sheet has been provided to test each Requisite Skill (RS) within that JPR. Skill sheets are checked for accuracy and reviewed to ensure that all steps to complete the skill are listed and tested.

#### **Tier I Training Centers**

A Tier I training Center is defined in the New Jersey Administrative Code Section 5:73-2.2 (c) 1. Broadly, the section requires the facility to have classrooms, drill areas, smokehouse, drill tower and a live burn facility. Courses and testing offered under the New Jersey Fire Service Certification program will be restricted to Tier I facilities.

Currently the following facilities have met the criteria for Tier I classification

Atlantic County Fire Training Center Bergen County Fire Academy Brick Township Fire Academy **Burlington County Fire Academy** Camden County Fire Academy Cape May County Fire Academy Cherry Hill Fire Department Training Division Cumberland County Fire Training Center Gloucester County Fire Academy Hunterdon County Emergency Services Training Center Mercer County Fire Academy Middlesex County Fire Academy Middletown Fire Academy Monmouth County Fire Academy Morris County Public Safety Training Academy Northfield Fire Department Fire Training Center Ocean County Fire Academy Paramus Life Safety Complex Passaic County Public Safety Academy Passaic Fire Department Piscataway Township Fire School Salem County Emergency Services Training Center Sussex County Fire Academy Somerset County Emergency Services Training Academy Toms River Township Fire Academy, Fire Districts 1 & 2 Union County Fire Academy Warren County Fire Academy

# **Certification Requirements, Fire Instructor I**

# **General Accreditation Information**

#### **Performance** Standard

The NFPA 1041-20012 edition, *Standard for Fire Service Instructor Professional Qualifications*, will be the performance standard referenced for Fire Instructor I certification.

#### **Required** texts

• International Fire Service Training Association (IFSTA) publication titled "Fire and Emergency Services Instructor," 8th edition

## **Entrance requirements**

Prior certifications

• Firefighter 1 certification per N.J.A.C. 5:73-4.2

### **Evaluation requirements**

#### Written Examination

• The Fire Instructor I examination will be comprised of 100 randomly generated questions from the International Fire Service Training Association (IFSTA) publication titled **"Fire and Emergency Services Instructor," 8th edition** 

Candidates will have a maximum of 3 hours to complete the examination. A score of 70% or above shall constitute a passing grade for the candidate.

#### Written Examination Re-Test Policy

Applicants shall have three opportunities to successfully pass the written examination. If an applicant fails upon the third attempt to pass the examination, he or she shall be required to repeat the entire Fire Instructor I instructional program.

#### **Reasonable Accommodation**

The NFPA Standards that are used as the basis for training requirements all have at least one requirement that calls for the candidate to read and understand a variety of information. Candidates awarded certification when the test was read to them cannot meet the requirements of being able to read a document, resource, or reference and apply the information at the scene of an emergency. The reading of such material as MSDS sheets, written preplans, etc. is crucial to the successful mitigation of a fire or other emergency incident.

Therefore the following criteria for "*Reasonable Accommodation*" are hereby promulgated for all written testing given by, or under contract with, the New Jersey Division of Fire Safety:

"Accommodation for written testing in the form of extra time will be granted for persons with medically diagnosed reading disabilities. Extra time will be defined as an overly generous time frame for completion of the test for all candidates. This accomplishes the purpose of reasonable accommodation without any stigma or "fairness" issues attached to those who require the extra time. There will be **NO** oral examinations. Time allowance for the Fire Instructor I test is 3 hours."

#### Practical Examination

Practical examinations are intended to measure the practical skills of the Fire Instructor I candidate. A Tier I fire academy is capable of testing 100% of the practical objectives; and the candidate must be prepared to exhibit proficiency in each. The final practical exam will consist of **one** mandatory skill sheet. A score of 80% or above on each skill sheet shall constitute a passing grade. The skill sheet utilized in the Fire Instructor I Program is found under Attachment 2 of this document

#### Practical Examination Re-Test Policy

Candidates receiving unsatisfactory grades on 50% or more of the skill sets being tested will fail the skills test and be advised to seek remedial education and reapply for another certification testing process. Candidates receiving unsatisfactory grades on less than 50% of the skill set being tested will be allowed to retest those unsatisfactory skill sets in accordance with policies and procedures. All candidates re-testing will be allowed to retest a skill station up to two (2) times, within one (1) year of the start of the testing process. All candidates eligible for retesting may be given the opportunity to retest on the same day at the discretion of the testing Eligible Training Organization, depending upon available staffing, costs and time limits to complete the testing.

#### **Completion Time**

Candidates have 18 month to complete the Fire Instructor I program, including all retesting. The only two exceptions to this would be

- A medical condition verified by a physician
- Active duty in the U.S. military

#### **Appeal Process**

Any candidate aggrieved by a decision during a certification program is entitled to due process, including appeal and hearing. Any person believing that they have not received fair treatment within the certification process is entitled to the appeal process. There are three steps to the appeal process

- First Level of Appeal Testing Eligible Organization Chief/Director
- Second Level of Appeal: NJ Division of Fire Safety, Office of Training and Certification
- Final Level of Appeal: NJ Department of Community Affairs, Office of Administrative Law as per N.J.A.C. 5:73-1.5(c) which also reference N.J.A.C. 1.1

#### Academic integrity/cheating

Any candidate who is caught cheating on any element of the examination process will:

- Be denied certification.
- Be immediately expelled from the current certification process and any other certification category or levels in which they have active files.
- Forfeit all certification fees paid prior to that point.
- At the Division's discretion, all certifications issued by the Department of Community Affairs held by any individual accused of cheating on any Division Certification Exam may be revoked.

#### Awarding of Certification

A certification for *Fire Instructor I* shall be granted to an individual who is at least 21 years of age and has met all of the following requirements:

#### Prior certifications

• Firefighter 1 certification per N.J.A.C. 5:73-4.2

#### Certification Requirements

- Minimum of three years' experience as a certified Firefighter:
- Satisfactorily complete the 35-hour Fire Instructor 1 course of instruction that meets the requirements of NFPA 1041, Standard for Fire Service Instructor Professional Qualifications, 2012 edition NOTE: Only an educational program completed within the three years prior to, or at the time of, application shall be accepted toward fulfilling the requirements for certification
