BASIC PRACTICAL SKILLS EXAMINATION REPORT

Skill sheet #

**HMOPS
16**

Certification Title

**Hazardous Materials Operational Level
DEMONSTRATION OF EMERGENCY
DECONTAMINATION**

Applicant Information

Candidate name

DFS ID #

Course #

Evaluation

Standard:
NFPA 472, 2013 Edition
5.4.1, 5.1.2.2,
5.4.1(4)

Task

Emergency Decontamination/Firefighter. Demonstrate the ability to perform emergency decontamination while working in PPE. The first responder at the operational level shall identify how to establish and enforce scene control, including control zones, emergency decontamination, and communications.

Conditions and Outcome

Wearing SCBA/FULL PPE and given fire line tape, and given scenarios for facility and/or transportation hazardous materials/WMD incidents. Equipment needed: Personal protective equipment, self-contained breathing apparatus (SCBA), water supply hoses, brushes, containment area, product name, and Emergency Response Guidebook (ERG) The candidate at the operational level working in PPE shall be able to demonstrate the ability to perform emergency decontamination. **The candidate will complete this task with a minimum of 7 items answered correctly.**

Number	Task Steps	First Test		Retest #1		Retest #2	
		Pass	Fail	Pass	Fail	Pass	Fail
	The candidate stays clear of product and guards against secondary contamination.						
1	Remove firefighter victim from contaminated area						
2	Ensure victim is supplied with uncontaminated air or oxygen, ensuring air supply is maintained						
	The candidate does not make physical contact with the victim.						
3	Determine correct decontamination procedure						
4	Remove helmet (if worn) and wash victim with flooding quantities of water (water is used only if decontamination procedure calls for it)						
5	If victim is wearing SCBA, release the harness and remove SCBA, leaving face piece in place						
6	Remove contaminated clothing and PPE while being flushed						
7	Remove victim to treatment area in support zone						
8	Provide verbal report to EMS personnel, including contaminants involved						
9	Self-decontamination of rescuer						
Final Test Result for Entire Task
