FIREFIGHTER II

Instruction Sheet:

NFPA 1001, 6-5.2: Present a prepared program to an identified audience, given a lesson plan, time allotment, and instructional materials. Suggested topics: stop, drop, and roll; crawl low in smoke; escape planning; alerting others; calling the fire department; fire station tour; residential smoke detector placement and maintenance; or other fire prevention lesson.

DIRECTIONS: This objective requires the firefighter to teach a public fire education/prevention class. The intended audience is the general public. This lesson may be taught to a wide variety of audiences. A partial list of possible audiences are school children, adults, church groups, public service groups or other members of the general public, day care centers, nursing homes, and Sunday schools.

Lesson plans for this presentation can be found in the NFPA Learn Not To Burn Curriculum and the Kids Safe Fire Safety Program. Many individual fire department fire prevention programs also have lesson plans that can be used.

After teaching this lesson, complete the form. The form will document the necessary information for you to receive credit for the activity.
