Re: Youth Firesetter Intervention

Date: July 24, 2019

Please be advised that – when conducting youth firesetter intervention screenings via your local programs – the acknowledged method is the use of the “Fineman Tool” as taught in the National Fire Academy’s “Youth Firesetter Intervention Specialist” course.

Any questions regarding Youth Firesetter Programs shall be directed to Charles Lavin at the NJDFS via email at Charles.Lavin@dca.nj.gov

Thank you.
