We are pleased to announce that the Code Update course can now be completed as an online, self-paced course.

The course includes four narrated modules to be completed on your timeframe. All four modules must be completed to earn the required .50 CEU's of UFC Technical credit.

In order to enroll, you must have an account on our new Learning Management System. This account is NOT the same as at www.keanfiresafety.com or at NJ.gov.

To register or enroll,
please go to http://keanolt.ourclassroom.net/login/index.php.

If you already have an account, proceed to Three Steps to Enroll below.

If not, please click "Create Account" and fill out the form. We will send you an email to the address you provide. To confirm your registration please click the link in the email. This is a computer-generated email, so please be sure to check the SPAM folder.

There are three steps to register:
1. Login to your account - this account is not the same as at www.keanfiresafety.com or at NJ.gov. If you've not yet taken an online class this spring, you will need to begin by creating an account. Please keep your login information, you will need it again.
2. Click on the course title you would like to attend. (Click Course Catalog on the left menu if you don't immediately see a list of classes.)
3. Enter the Enrollment Key which we will provide via email in the box to the right of where it says "Enrolment Key" and click "Enrol Me" (Yes, we're aware that Enrol and Enrolment are incorrectly spelled. It's a software issue. Sorry.)
