Re: Executive order 196

Date: November 19, 2020

---

Considering the recent issuance on November 16, 2020 of Governor Murphy's Executive Order # 196, trainings and meetings for first responders are not subject to the ten-person limit. However, they should follow the 25% capacity limits of the room, not to exceed 150 people and continue to follow health and safety protocols including daily health checks. If these meetings/trainings are not for first responder's then they would be subject to the ten-person limit.

Please direct any questions to DFS Training and Certification Unit supervisor Kent Neiswender 609-341-3473.
