Chapter 4.3.6/9.1.2

Drive an ARFF apparatus. [NFPA® 1002, 9.1.2]

For this skills evaluation checklist, students will drive an ARFF apparatus. This skill sheet is a beginning step of a process that a driver/operator student shall go through to prepare them to take an ARFF apparatus on airport ramps, taxiways, runways, and roadways. Students should be allowed to advance at their own pace and not pushed unsafely. Instructors should be careful in assessing an individual's competence and confidence in these steps. Consider having a presently certified driver/operator take the apparatus to an isolated area for the students to practice.
